Images Luxury Nail Lounge Rolls Out The Creme De La Creme Of Manicure Services

NEWPORT BEACH, Calif., June 2, 2015 /PRNewswire/ -- A personal jeweler, gold-lacquered fingertips and premium diamond designs are just some of the latest mani-pedi amenities offered by Images Luxury Nail Lounge in Orange County, Calif. The ultra-lavish nail retreat unveiled three new manicure services: Haute Couture, Gold Rush by Models Own and the Glitz & Glamiculture. GIA-graded, real diamond designs by Images Luxury Nail Lounge.

Each manicure promises a more luxurious experience than the next. This is not nail art. This is nail royalty. Setting a new standard in luxury manicures, Images is not just offering some of the most elite manicure designs in the world; it's raising the bar on the definition of pampering.

From skin-softening mineral baths and relaxing massages, to professional makeup and hairstyling (not to mention premium champagne to satiate clients), Images' new signature manicures epitomize lux. The Haute Couture Manicure (\$500 to \$2,500 and up) features 1-20 real diamond designs and a purifying marine mineral bath, signature Luxury Facial and warm jojoba oil and lavender lotion massage.

The Gold Rush Manicure by Models Own is an exclusionary salon experience priced from \$2,500 to \$10,000 and up. Boasting one of the world's most expensive lacquers, Gold Rush (exclusive to the U.K.), alongside 24-karat real gold nail designs, clients will also dine on French-imported pastries and champagne in private suites. The Gold Rush Manicure also includes a Luxury Facial and either a waxing/threading service or eyelash extensions.

For clients looking to indulge in the most expensive and luxurious A-List manicure in Orange County, there's the Glitz & Glamiculture (\$10,000 to \$25,000 and up). An entirely private experience, the salon is closed to the public while clients sip premium champagne and select GIA-graded diamonds with a personal jeweler. This piece-de-la-resistance of manicure treatments also includes an hour-long massage, rejuvenating Luxury Facial, Images Celebrity Makeover and eyelash extensions or a waxing/threading service. It seems bling is no longer only reserved for rings. Images Luxury Nail Lounge is the gold (and diamond) standard when it comes to extravagant manicures and pedicures.
